

## School Fees 2019-2020

Thank you for considering UWCT for your child's education. Below is an outline of our tuition and associated fees. Please note that all fees are in Thai Baht (THB) and are subject to change from year to year.

### ONE-TIME FEES

#### Application Processing Fee

Each individual applicant to the school is required to pay a **5,000 Baht** processing fee upon submitting an application through Open Apply. Application Processing Fees will be invoiced by the school. When payment is received, the application will be reviewed and the family will be contacted regarding the next appropriate step. This fee is non-refundable.

#### Capital Levy for Students from Preschool 1 - Grade 12

Each new family at UWCT who enrolls a child in Preschool 1 or above provides a one-time Capital Levy payment of **150,000 Baht**. The Capital Levy allows UWCT to make investments in technology and physical infrastructure that fall outside the scope of our annual operating budget to ensure an optimal student experience. This fee is non-refundable and paid once per family, upon acceptance, regardless of how many children are enrolled. **Please note:** When your first child moves from Nursery into Pre-School 1 the Capital Levy Fee becomes due.

#### Enrolment Deposit

Each newly enrolled student at UWCT also provides a one-time Enrolment Deposit (ED) of **100,000 Baht**. This deposit is held by the school throughout a student's enrolment and is paid per student, rather than per family. It is refunded upon a student's graduation/withdrawal from the school, providing the school is given 60 days notice in writing. Any amount in arrears upon a student's withdrawal will be deducted from the ED. Families may also choose to donate their ED to the school at any time. This fee is refundable with 60 or more days advance notice prior to the student's last date of attendance.

#### ArrowSmith Assessment/Application Fee

The ArrowSmith Assessment Fee is 50,000 Baht and required only of those who are interested in pursuing admission to the UWCT ArrowSmith program. This fee is payable before commencement of the ArrowSmith assessment at UWCT. If the student proceeds to enroll in the ArrowSmith program at UWCT, then the 50,000 Baht assessment fee will be deducted from the first tuition payment. This fee is non-refundable.

### ANNUAL FEES

#### Parent Support Group Levy

Each newly enrolled student at UWCT also provides their initial Parent Support Group Levy of **500 Baht**. This fee supports all of the school-centered activities organized by the PSG. This fee is paid per student on an annual basis and is non-refundable. This fee is invoiced alongside the other one-time fees and tuition for new families. For returning families, it is invoiced at the same time as tuition.

#### School Fees

School fees at UWCT can be paid in full at the beginning of the year or three times per year at the beginning of each billing period (August, January, and April). These fees are prorated at 40%, followed by two installments of 30%.

Payment of all fees is required before a student is officially enrolled and assigned to a class. Provided a student withdraws before the mid-point of the billing period, the school is able to refund 50% of the remaining tuition fees. There are no refunds from April onwards. **Please Note:** Scholarship students may be required to pay some portion of the School Fees (i.e. Education Outside the Classroom).

For students who are returning from a leave of absence, provided the student returns after the mid-point of the first or second billing period, the applicable **tuition** fees may be prorated (to a maximum of 50%).

School Fees include tuition and:

- A healthy lunch and snack programme catered by the wellness chefs at Thanyapura. Lunch offers a variety of healthy foods and is accessible to students with various dietary needs. (This cost is separated from tuition on your invoice for accounting purposes.)
- All learning materials in Early Childhood and the Primary School. In Secondary School, students receive a small starter pack of pens and pencils in August, as well as necessary texts and workbooks.
- All costs associated with mandatory Education Outside The Classroom including curriculum-related field trips and grade-level expeditions. (This cost is separated from tuition on your invoice for accounting purposes.)
- A membership to Thanyapura for up to two parents/guardians, per full-fee paying family. Membership ends on August 1 of each year or upon withdrawal of the last child from the school, whichever comes first.

School Fees do not include:

- Uniforms, which are required from Preschool 1 and up
- Costs incurred from Extracurricular Activities (External providers) or some Co-curricular Activities
- Transportation to and from school
- Boarding
- Personal computing devices: All students from Grades 3 to 12 are expected to bring their own personal learning device to school. In Grades 3 and 4, learning technology is done with iPads, while MacBooks are the main device in Grades 5-12.

### Sibling Discount on Tuition

Students enrolled in PreSchool 1 or above who have older siblings in the school and whose fees are paid by the same payee are eligible for a sibling discount. A sibling discount of 8% will be applied to the second child's tuition. Additional

<sup>1</sup> DP exams are externally marked and priced by the International Baccalaureate Organization and change from year to year. A Student's DP Grade 12 exams are based on their individual course selection and the associated exam fees are not included in the school fees above.

children paid for by the same payee will receive a discount of 18%. Sibling discounts are adjusted when the number of children enrolled changes.

### Nursery Attendance

Once a decision is made on the days your child will attend (in the 3- and 4-day options), these days are then fixed for the current billing period. If a change is required in another billing period, the school will try to accommodate these changes where space and classroom dynamics allow. UWCT does not refund any fees for days missed due to illness, public or extended holidays, immigration issues, school closures or classroom closures due to health and safety. **Please note:** When your first child moves from Nursery into Pre-School 1 the Capital Levy Fee becomes due.

### Boarding Fees 2019/20

Boarding programmes are available for students in Grade 9 and above. The boarding fee includes food and laundry services. It is recommended that parents set aside an additional **50,000 Baht** per annum to pay for boarding house trips, transport, weekend activities and other incidentals.

Boarding Programme <sup>^</sup>	Annual Rate (Baht)
Full Boarding	571,573
Weekly Boarding	413,030
Casual Boarding (per day)**	1,800
Trial Boarding (per day)*	1,800

<sup>^</sup>Boarding fees are invoiced by billing period. The first installment is 40% of the per annum fee while the second and third are 30%.

### Boarding Programmes

Students must choose and commit to one boarding option per billing period: either Full Boarding or Weekly Boarding. A combination of two or more boarding programmes cannot be accommodated (for example, Weekly Boarding every Sunday - Thursday combined with Casual Boarding some Fridays - Saturdays).

**Full Boarding** is a seven-day-a-week programme and includes school holidays and breaks. It does not include the long summer holiday break in June, July and early August.

**Weekly Boarding** is from Sunday evening (and includes the Sunday evening meal) to Friday morning. Weekly boarding does not include holidays or school breaks.

**\*Trial Boarding** is available for students who want to get a flavour for the boarding programme at UWC Thailand before committing to a Weekly or Full Boarding programme. Trial Boarding is a maximum of two weeks. At the conclusion of the trial period, students can then choose the Weekly Boarding or Full Boarding programme, or return to being a day student.

**\*\* Casual Boarding.** The purpose behind casual boarding is to assist in the occasional support of families who have no other option for child-care due to unforeseen circumstances. Requests must be approved in advance (a minimum of 72 hours is required unless special circumstances arise) and approvals are on a space-available basis. Casual boarding is limited to seven days per academic year, per student. Please contact the [UWCT Admissions Office](#) or the [UWCT Head of Boarding](#), for more information and approval for Casual Boarding.

### How to Request Boarding or a Change in Boarding Programme

Requests for all types of boarding, as well as changes in a current student's boarding programme must be reviewed and approved by the UWCT Head of Boarding before boarding can commence. Parents may contact the [UWCT Admissions Office](#), or the [Head of Boarding](#) directly to request enrolment in boarding or request a change of boarding programmes.

### Grade 12 Boarding Student Departure

Grade 12 students may remain in the boarding house until 6 pm on the day after the graduation ceremony. While most costs associated with boarding are amortized over the entire school year, **we do** prorate the fees of the third billing period by the associated savings on food costs due to a May departure.

### Pro-rating

Boarding fees are prorated in the same manner as tuition; 40% at the beginning of the school year and two instalments of 30% for each billing period. Provided a student withdraws from boarding before the mid-point of the

billing period, the school is able to refund 50% of the billing period boarding fees. There are no refunds from April onwards.
